Actively Coming To and From School

We are so delighted to see so many students actively coming to and from school. Trafalgar Street can be a shambles in the morning and after school with a lot of traffic. It is a great idea to drop your children near to school but far enough that than can scooter or walk part of the way. This builds healthy habits, friendships and independence. These are great skills for their lifetime.

Having said that, we **strongly discourage** the use of the Selwyn Street crossing (by Trafalgar St). This has been found to be very unsafe for children to cross. Please ensure your children cross the road at the traffic lights.

PB4L: New Topic for the rest of the term

We are very excited about the next part of our PB4L journey. Staff and students are learning more about Restorative Practice as a way of resolving issues which arise. Students will be encouraged to talk about what happened, who has been affected and how, and what needs to be done to put things right. During a restorative chat everyone gets to have their say and to work together towards an agreed resolution.

Awa Trip to Tekapo

Awa are going to Tekapo for skating, tubing and a soak in the hot pools.

Date: Thursday 15 August 2019

Depart: 8:50am Return: 4:30pm

Cost: \$60 per student

ALL students will travel on the buses (not in cars). There is plenty of room for parent helpers to come on the buses too.

Please let the Awa teachers know if you would like to come along as a parent helper.

Roto's trip to New World

We went to the New World
supermarket. We went in the
bakery. I saw cakes cooling down
on a tray. We went to the butchery.
We saw meat laying on a table. My
Mum came on this trip. We went
into a freezer. It was cold, f-r-e-e-
z-i-n-g cold! We got fruit for fruit
kebabs. I had an amazing time!

by Finley McNeill, yr 2

We went to the supermarket. We
went to the storeroom and saw lots
of food. Then we went in the fridge
and it was super cold. We saw milk
in the fridge. Then we went in the
cooking room and we saw a big
mixing bowl. Then we went in the
butchery and we saw meat and we
saw a meat cutter. There was a
special machine to wrap up the
meat.
