Considering a device for your child?

At this time of year many parents ask about what kind of device would be best for their child if they wanted one at school. We highly recommend chromebooks as they are generally very sturdy and can do everything we need students to do at school, but best of all they are more affordable than most options. We advise you to ask for an education price when purchasing as this can be an advantage.

We would LOVE some NETTING

At Waimataitai near the cricket nets we have a small orchard of fruit trees including an apple, pear, peach and cherry. We are frustrated that we don't get to eat the fruit each year because the birds eat them over the summer break. If you have any spare netting that we could use could you please send it into school for us to use.

A huge thank you to the parents who were able to come and help for the day and the Roncalli students for their help also. Whilst the sun didn't shine, the rain held off and allowed the event to go ahead. Some great results for the day and all those who have made it through to South Canterbury Athletics will be notified shortly. This will be held on 1 Dec.
